

**GREAT FUTURES START [HERE.](#)**

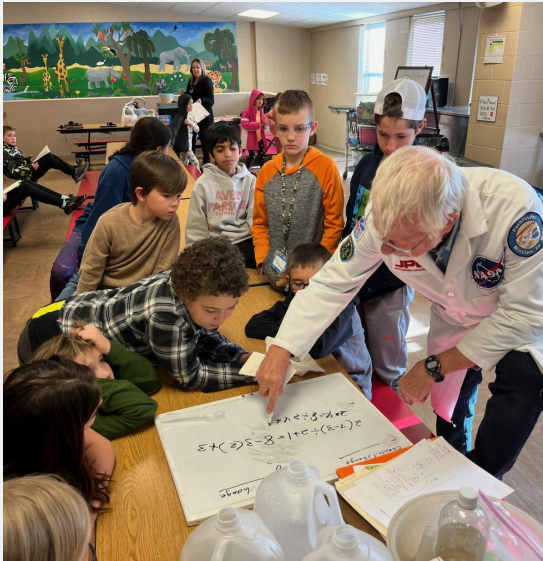

**BOYS & GIRLS CLUBS  
OF CHAFFEE COUNTY**

**March 2023**

---

## **No winter slump at Boys & Girls Club!**

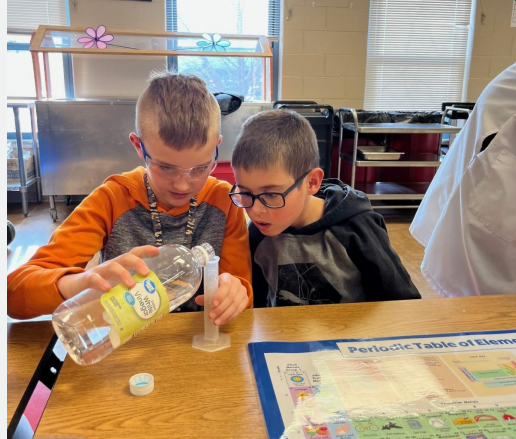

### **Mr. Justis' Chemistry Class**

Greg Justis, 2022 Club Hero, teaches chemistry classes at both our Salida and Buena Vista Clubs. BV Club members are learning how to balance equations (in the above photo) and completing fun experiments (below). Thank you for helping our kids nurture their love for science, Mr. Justis!

### **Snow days at the Club**

Salida Club members had snow much fun on a recent Friday full-day at the Club. Ms. Gianna led a special art project, sculpting and accessorizing snow people. We still have fun when it is cold outside!

## Club teens help out as Junior Staff

Club teens Evanlee (left), and Ella, are very passionate junior staff members at the Salida Club. Both enjoy assisting Ms. Kiki at the front desk or helping Ms. Gianna run the art room. Our junior staff program is a great opportunity for teens to step into a leadership role in the Club, and assume more responsibilities.

"I love being a junior staff," said Ella, "because I get to make little kids fall in love with the Club like I did when I was little."

We are hiring! Join our team today - full and part-time positions are available.
